Inclusions: ***Morning Tea, Entry & 1-Hour Informative Guided Tour at Retford Park Historic Homestead, Pre-Dinner Drink, Two-Course Pre-Ordered Dinner, 4-Star Accommodation***

This morning, between 5.00am and 6.30am, you'll be collected from either outside or close to your home (this service will be available to most people living east of the Pacific Highway between Lake Munmorah and Kariong), and head to **Uncle Leo's Roadhouse**, near Crossroads. Upon arrival, you'll have time to enjoy a coffee and use the restrooms. At around 9.10am, you'll board the luxury coach to commence your journey to Gerringong. First stop will be **Mittagong RSL Club** for **Morning Tea**. Upon arrival, you'll be served Tea or Coffee and Freshly-Baked Scones with Strawberry Jam and Whipped Cream. You'll depart from the Club at around 10.55am to head straight to **Retford Park Historic Homestead**, on the outskirts of Bowral. European history on the land where this historic homestead is situated, began in 1821, when Governor Lachlan Macquarie granted 330 acres of land to pastoralist Edward Riley Snr, for grazing cattle, sheep and pigs. The property remained in the Riley family for three generations, primarily operating as a pastoral holding rather than a residential site. In 1883, prominent merchant and stockbreeder Samuel Hordern Snr purchased the original Riley land. He named the estate after his mother Ann's birthplace of Retford in Nottinghamshire, England. Sydney architect, Albert Bond, designed the grand Victorian Italianate residence. After four years of construction, the residence was completed in 1887. The Hordern family – famous for their retail and agricultural enterprises – used the estate as a major cattle stud for breeding Jersey and Ayrshire cattle, quarter horses, and other livestock. Sir Samuel Hordern II later expanded the property's breeding program, and helped to popularize the Sydney Royal Easter Show. The estate stayed in the family until Samuel Hordern died in a tragic car accident at Warwick Farm in 1960, leading to the sale of the property. In 1964, media scion, art champion, and philanthropist James Fairfax AC bought Retford Park. Fairfax transformed the working agricultural property into a refined gentleman's country estate. He added extensive formal gardens, an arboretum, a swimming pool pavilion, designed by Guilford Bell, and a dining room mural painted by Donald Friend. He filled the house with a renowned collection of 16th to 18th-century English furniture and art. Believing the property should be protected for the public, about one year prior to his death in 2017, James gifted the historic estate and its 30+ hectares of grounds to the National Trust – representing the largest gift the Trust has ever received. Upon arrival at around 11.15am, you will be taken on a **1-Hour Guided Informative Tour** of the Homestead, prior to having time to wander around the surrounding gardens. You'll depart from Retford Park at around 1.15pm, to head into **Bowral Shopping Centre**. Upon arrival, you'll have around two hours to enjoy lunch in one of the town's many eating establishments, and time to browse in the town's many shops. Be sure to visit the Dirty Jane's Antique Emporium – home to around 85 unique vintage stalls, Glam, Springett's Arcade, Gumnut Patisserie, and the newly constructed shopping centre right opposite Gumnut Patisserie and Peter Alexander, which houses upmarket labels such as MECCA, Seed, Oroton, Kookai, and others. You'll depart from Bowral Shopping Centre at around 3.15pm, to head straight to **The Mercure Gerringong Resort** – a 4-star rated boutique hotel, situated on the outskirts of the picturesque seaside resort of Gerringong. After arriving at the Resort at around 4.45pm, you'll make your way straight to your room to await the arrival of your luggage by the Resort's porters. She was returned home in 1980, and remains the only wooden vessel of her kind in NSW. Before departing, be sure to visit the Museum's Gift Shop, take a stroll along the mangrove boardwalk, visit the fish feeding pond, and the explore the boathouse and other historic buildings. Although the ride was steam-operated and appears to still be steam-operated, the ride is actually operated by an electric motor.
